MEMORANDUM FOR THE RECORD

SUBJECT : Evaluation Systems

REFERENCE: Memo for the Deputy Directors from the IG dated 16 Feb 72  
same subject (DD/S 72-0881)

1. When we received referent memorandum I called [REDACTED] to find out what was meant by "Evaluation Systems." He interpreted the call as being the DD/S response to the memorandum designating me as the coordinator for the Support Directorate. At that time he said they hadn't fully defined the parameters of the review, but that he didn't expect the Support Directorate to be much involved.

2. On 13 March 1972 [REDACTED] visited me to discuss the matter further. He said they were interested in evaluations of Collection and Production systems and had identified OC/SPD and the Office of Medical Services for its Personality Studies program only. We chatted about other possibilities but he was satisfied that he had identified the only two sources of interest in the Support Directorate. [REDACTED] expressed his preference for dealing directly with those two offices himself, but said he would keep me informed of his progress and findings. He has scheduled an inspection trip through Europe and doesn't expect to complete his report on the Evaluation systems until he returns which means it probably will be well into the summer before the study is finished. I notified [REDACTED] and Dr. Tietjen and sent them copies of the correspondence.
